- Judge at Australian Indian Idol in Sydney

AIM: I love to get involved with 4 EB Board as I am passionate about Radio and Voluntary community services. I believe my previous experience in holding various positions in community organisations and Radio committee will be beneficial to the Board and I will be an active contributor in decision making processes.

Also, I believe my involvement in 4EB projects & initiatives will generate more interest and participation from a wider community with various ethnic backgrounds. I am a true believer of multiculturalism and love to work with projects that will add value to the multicultural mosaic of Australian society.

I request you to consider my nomination for the position of Board Member.

Seema Echeeta Kezhil
