

Lelava Tommy Fuifui,

*Master of Commerce & Professional Accounting).

*Graduate Certificate in Professional Accounting

*Member of Institute of Accountant

*Registered Accountant & Tax Agent

I value inclusion and diversity in all environments and pride communication through language and culture. Since I become a member of 4EB radio, I'm always a member of the committee in the Samoan group. I serve as Treasurer and secretary and Finance Sub-committee. I take part in discuss matters that improve services within our Samoan community. I respect others and their ideas, and in return share mine ensuring they align with the Constitution of Ethnic Broadcasting Association of Queensland Ltd. As a broadcaster/panel operator I attend rostered programs including when a member is unable to attend unexpectedly. My goal is to reach out and bring a positive experience to the community through Radio. In my career profession as a self-employed Accountant, I am aware of client service expectations and competent in using various software packages, and especially confidentiality of information.

I have been a Director of the Station for the last two years and I have served the financial sub committee in such period of time.
